PRE-CALCULUS A -- SUMMER WORK

Dear Rising Level 3 Math Student,

All summer homework assignments will be completed online using MyMathLab. Your work is saved automatically, so there is no need to submit anything to me. I will be able to see how much time you've spent working on each section, which questions you've gotten right/wrong, and your overall score. <u>That said, you should develop some sort of homework organization system specifically for these assignments and all work should be done neatly, kept, and labeled in that system</u>, just as you would if you were working from a textbook – this will be very helpful when completing the quizzes and will be a process you will want to continue through the semester. ***IMPORTANT - You can redo any question you get wrong by clicking on the "similar exercise" button at the bottom. This makes it possible to get a 100% on each homework assignment. We expect you to have 100% on most, if not all, of your assignments as this will really help you prepare for the first test.

To access MyMathLab follow the steps below:

1. Go to **www.mymathlab.com** on or before **May 30**th
2. Log in to MyMathLab using the same login information that you have used all semester in level 2.
3. In the top right corner, click to 'add a course'
4. Next, enter the **Course ID** for your course (**quillen54481**).

<u>HOMEWORK:</u>

Logon to MyMathLab

Select; Do Your Homework

Sections R.1 – R.7 & 1.1, 1.3, 1.4, & 1.6 will be your summer assignment.

<u>QUIZ:</u>

After completing the homework you will be required to take two 'quizzes' on these assignments.

Select: 'Take a Test' then open the quiz you are ready to take. **Chapter R (R.1-R.7)** will be available right away as you begin your homework. **Chapter 1(1.1, 1.3, 1.4, & 1.6)** will become available on August 1st and will be due with the rest of the assignments on the first day of class. You will have two attempts at taking each quiz and only your highest score will count. All quiz problems should be worked out neatly on notebook paper as **<u>I will be requiring that the work from both quizzes be turned in on the first day of class, if you do not have it you will receive a zero as your grade.</u>**

<u>All work must be completed by 8/17/2021 at 8:00 am.</u>

If you have any questions you can contact us via email at lquille1@dtcc.edu or koffen1@dtcc.edu.
